

CENTRAPOINT CORE TECHNOLOGY LLC

Enterprise IT Infrastructure & Strategic Solutions

SBA-CERTIFIED SDVOSB SERVICE-DISABLED VETERAN-OWNED

Corporate Overview: CentraPoint Core Technology LLC is an SBA-certified Service-Disabled Veteran-Owned Small Business (SDVOSB) providing comprehensive IT infrastructure support, desktop hardware and software solutions, systems modernization, and strategic technology leadership. Founded by a military veteran with over 20 years of experience in Information Technology, CentraPoint Core Technology combines military precision with proven corporate governance to deliver mission-critical enterprise solutions.

CORE COMPETENCIES

Infrastructure & Desktop Support

- End-to-end network infrastructure & hardware maintenance
- Multi-tier technical service desk & helpdesk operations (Tier 1-3)
- Workstation deployment, OS provisioning, & patch management
- Hardware diagnostics, troubleshooting, & user support

Legacy Systems Modernization

- Upgrading legacy desktop software & application architectures
- Migration planning, technical debt reduction, & risk mitigation

Project Management & Strategic Leadership

- Full lifecycle project management & Agile/Scrum implementation
- Multi-team governance, scope management, & schedule/cost control
- Strategic IT roadmaps & Total Customer Experience (TCE) delivery

EXECUTIVE PAST PERFORMANCE

- **Enterprise Portfolio Oversight:** Oversaw cross-functional technology teams & multi-million-dollar IT budgets.
- **Legacy System Migration:** Directed enterprise software transition from legacy desktop apps to modern web architectures.
- **Agile Team Governance:** Standardized Agile development workflows & Tier 1-3 desktop support models.

KEY DIFFERENTIATORS

Executive IT Leadership (20+ Years): Driven by over two decades of enterprise IT leadership, combining military precision with deep expertise in systems modernization, infrastructure support, and Agile delivery.

Military Precision & Discipline: 100% Service-Disabled Veteran-Owned (100% P&T), driving mission-first focus, strict accountability, and seamless operational execution.

Customer-Centric Methodology: Structured around Total Customer Experience (TCE) standards, ensuring transparent reporting, proactive risk mitigation, and high user satisfaction.
